**Pressure Ulcer Assessment  
Via Telemedicine**

**Patient Questionnaire**

A. The following statements are about the care you received for your pressure sore. For each of the statements, please circle one answer that best describes how much you agree or disagree with each statement. (Circle one number on each line)

	Strongly Disagree	Disagree	No Opinion	Agree	Strongly Agree
A1. The Telemedicine study was clearly explained to me before I was asked to participate.	1	2	3	4	5
A2. I was given an opportunity to discuss my concerns with a nurse.	1	2	3	4	5
A3. I was given an opportunity to discuss my concerns with a physician.	1	2	3	4	5
A4. Overall, I feel that I have received good medical care for my pressure sore.	1	2	3	4	5

B. This next set of questions is about the procedures used by the study nurse when she took pictures and measurements of your pressure sore. Please circle one number on each line.

B1. Did you feel any pain when the nurse took the volume measurement with Jeltrate ? If the nurse did not use Jeltrate to measure your wound, please skip to question B2.

1	2	3	4
No Pain	Mild Discomfort	Some Pain	A lot of Pain

B2. Did you feel any pain when the nurse took the skin measurements with the durometer, the pen-like device pressed on your skin? If the nurse did not take a durometer measurement, please skip to question B3.

1	2	3	4
No Pain	Mild Discomfort	Some Pain	A lot of Pain

B3. Did you feel any discomfort or irritation from any of the procedures performed by the nurse?

1	2	3	4
No Pain	Mild Discomfort	Some Pain	A lot of Pain

B4. The pictures and measurements the nurse took made me feel more self conscious than when the physician looks at and touches my sore.

1	2	3	4	5
Strongly Disagree	Disagree	No Opinion	Agree	Strongly Agree

C. Now, some questions about your opinions on using telemedicine in the future.

Please indicate whether you think that using telemedicine (like this study) at home would be Worse, the Same or Better than the following:

	Worse	The Same	Better
C1. Staying in the hospital.	1	2	3
C2. Recovering in an extended care facility (like a nursing home).	1	2	3

Please indicate whether you think that using telemedicine (like this study) at home would be Worse, the Same or Better than visiting your physician in-person in terms of the following:

C3. The quality of care	1	2	3
C4. Respecting privacy.	1	2	3

E6. If you are not a permanent resident in a nursing home, please check the category that describes your living situation.

- I require no or almost no assistance in daily living.
- I live at home with a caregiver present either all or part of the time.
- I receive assistance at home with certain difficult tasks such as preparing meals and transportation.
- I receive full-time nursing services at home.

E7. Do you still have any questions you need to ask the doctor?

- Yes                       No

If so, please tell us briefly about your question(s):

---

---

E8. Do you have any other concerns or comments about the study or the care you received?

- Yes                       No

F1. Do you have any pain in the area of your pressure sore?

- Yes                       No (If No, please skip Question F2)

F2. If you answered 'Yes' to the question above, on a scale of 0 to 100 where 0 is **No Pain** and 100 is the **Worst Pain Imaginable**, where would you place your pain?

Please write in a number on the line below:

A horizontal line representing a scale from 0 to 100. The number 0 is at the left end, 50 is in the middle, and 100 is at the right end. Vertical lines connect each number to the horizontal line. The space between 0 and 50 is approximately equal to the space between 50 and 100.

**Thank You Very Much for Your Time.**
